

BRYAN HAS LEFT FOR THE WEST

Will Arrive in Sacramento, California, on Next Monday

HAS NO INSTRUCTIONS

But Will Meet Gov. Johnson and Legislators and Urge Anti-Alien Land Law That Will Not Conflict With Treaty.

Washington, April 25.—William Jennings Bryan, secretary of state, left Washington at 6:45 o'clock last evening for the Pennsylvania railroad for Sacramento, Cal., where on Monday he will begin consultation with Governor Johnson and members of the California legislature in an effort to frame an anti-alien land law that will not be in conflict with treaty obligations of the United States and Japan.

"I go hopefully yet with a realization of the responsibility involved," said the secretary as he left the White House after a final conference with President Wilson.

The president had explained earlier in the day during his conference with the newspaper men that the purpose of Mr. Bryan's visit was to take counsel with the California authorities as to the best way to avoid international difficulty. The president let it be known that he considered the attitude of the Japanese government in arguing its case proper and friendly, and that there had been no note of antagonism despite reports to the contrary, the position of the Tokio government having been one of respectful urgency that no discrimination be made against their people.

Inquiries as to just what Japan would consider a discrimination brought forth the intimation from the president that, with the eligibility of Japanese to citizenship still a debatable question, it would be difficult to define just what would be construed as a discrimination.

Mr. Bryan himself declared later that he was with no specific instruction, but simply with the general idea that discrimination aimed directly at the Japanese should, if possible, be avoided.

The secretary will keep in touch with the president by telegraph and until his arrival in Sacramento, the administration is in hopes that no action will be taken in California.

DIGNITY OF THE STATE AT STAKE SAYS GOVERNOR

Sacramento, April 25.—Not the dignity of Japan, but the dignity of California is at stake in the controversy over the anti-alien land law, according to Governor Johnson, and if the plans of the majority party here give offense to the government at Tokio, the California executive will solve the state from blame on the ground that federal statutes already have drawn the line which the state now seeks to establish.

In a statement issued by Governor Johnson he defined the position of the legislative majority in the matter, trusting that Secretary of State Bryan, who is en route from Washington to Sacramento to present the views of the federal administration, might learn thereby the attitude of California towards a law denying land ownership to the state to aliens barred from citizenship in the nation. That this respect on applies to the subjects of Japan or any other nation is not the fault of California, according to the views of the governor.

Such a law is being drafted by Senator Thompson. It will be known as the alien land act and will apply solely to members of foreign races described in federal laws and judicial decisions as ineligible to citizenship in the United States.

When Secretary Bryan arrives he will be confronted with the new draft of the bill and the question of whether or not it is discriminatory. Governor Johnson's views on this point is set forth in his statement as follows:

"The nation has solemnly decided that certain races, among them the Japanese, are not eligible to citizenship. The line has been drawn not by California, but by the United States. Discrimination, if it occurred, came and went when the nation declared who were and who were not eligible to citizenship. If California follows the line marked out by the federal government, the United States and not California, should be accused of discrimination.

If the justice of this view is conceded by Secretary Bryan in the conference he will hold with the governor and members of the legislature, there is little doubt that the Thompson bill will pass, unless Secretary Bryan

Japanese Premier, Radical Leader, and Governor Johnson, Chief Figures in the Present Trouble

Count Yamamoto

Governor Hiram W. Johnson

Trouble between the United States and Japan over the proposed anti-alien land ownership act of California has brought into notice again Count Yamamoto, the premier, Count Okuma, who has done much to stir up the trouble, and Governor Hiram W. Johnson of California, late candidate for vice president of the Progressive ticket, will become important figures in the situation.

While the Japanese premier has done much to restrain anti-American feeling in Japan, the populace there has looked largely to Count Okuma. He answered the other day with the statement that nothing but the influence of Christianity could prevent war between the two countries. He said he hoped the influence would be exercised. He has addressed several large meetings where much anti-American feeling was shown.

states reasons of great urgency and can convince the leaders here that such action by the California legislature would precipitate a grave crisis. The Democrats in both houses have conceived the idea of calling a conference of governors of Oregon, Washington, Nevada and Arizona, to meet with Secretary Bryan and Governor Johnson next week, with a view of bringing about concerted action on the alien land question.

Resolutions will be introduced in both houses today directing that invitations be telegraphed to the executives of these states.

There is little sympathy for the plan among the majority, who, having asserted their right as a state to act, now declare that such a conference would only serve to cloud the issue.

IN ACTIVE BUSINESS FOR FORTY YEARS

With the selling out of the grocers of groceries of the grocery of Mrs. J. L. Miller of East Park place, there will be discontinued the oldest grocery firm in this city. However, even now, Mrs. Miller does not retire from business, but will be associated with her son, Mr. George Miller, in the florist, seed and toy business in a room in the Memorial building.

Had the store continued until the first of next month Mrs. Miller would have been in the grocery business continuously for 40 years. This is a record for the city. Some of Mrs. Miller's customers have dealt with her for 30 and 40 years. During this long period the Miller grocery, of which Mr. and Mrs. J. L. Miller were the former owners, has been located in West Main street, South Park place, the store room now occupied by Fred G. Speer and the present location, in East Park place. In this last Mrs. Miller has been located for 27 years.

After the success of the grocers Mrs. Miller has since added toys and flowers to her stock, in which she has been a dealer for a long time.

Even through the business years of Mrs. Miller number 40, she will continue to be actively engaged in the floral business in the new location of the concern.

EPIDEMIC OF MEASLES PREVENTS A MEETING

Chardon, April 25.—An epidemic of measles has prevented the meeting of the Geauga County Sanitary school association which was to have been held this week at Fowler's Mills.

CONFESSED TO STEALING \$30,000 WORTH OF BRASS

Cleveland, April 25.—Peter F. Seiss, \$60 a month clerk at the Cleveland Furnace company, pleaded guilty when arraigned here in court today on charges of embezzlement and grand larceny. Seiss is specifically charged with stealing \$35,585 worth of brass from the company, but confesses to claim that he got away with \$30,000 worth of the metal. A decision in the case was postponed.

PATROLMAN SENTENCED TO STATE PRISON

New York, April 25.—Thomas F. Reardon, late of the police department and "the system" was sentenced today to serve not less than six years nor more than ten years at hard labor at Sing Sing prison. He was convicted recently of extorting money as a "protection" from keepers of disreputable resorts.

INNOCENT OF HER HUSBAND'S MURDER IS WOMAN'S CLAIM

Atlanta, Ga., April 25.—Mrs. Callie Scott, 40, who was the stand today in the trial of the murder of her husband, told the jury that she was as innocent as an angel in the matter.

She testified that on February 1, 1912, she and her husband, who was a carpenter, were in a room in the Memorial building, when she saw a man enter the room. She said she did not know him, but that he was a stranger. She said she saw him enter the room and that he was alone. She said she saw him enter the room and that he was alone. SOLUTION OF VEXED QUESTION

Underwood Bill Will Remain on Statute Books for Years to Come

DECLARES REP. PALMER

Prospect for Early Passage of the Measure—Only Three More Days Left for General Debate. After Currency Legislation.

Washington, April 25.—Representative Palmer declared the Underwood bill if enacted into law "would remain on the statute books for years to come as a happy solution of a long vexed question."

"It must," he said, "have the united support of the political party which is responsible for it and it must permit American industry to proceed toward the capture of a larger share of the world's market without causing an embarrassment sufficient to bring distress to any large body of our people."

With only three more days left for general debate on the Underwood tariff bill in the house, the prospect today was that the measure would pass the house and go to the senate during the first week of May.

Majority Leader Underwood has given notice that general debate on the bill will close when the house adjourns Monday night.

Tuesday the bill will be called up under the five minute rule for reading and amending. At that time it is the purpose of the majority to make some limitations on amendments to hasten the bill along and to guard against filibustering.

President Wilson was informed today that many business men expect currency legislation at an early date. H. A. Wheeler of Chicago, president of the United States Chamber of Commerce told the president that speaking for business men of Chicago at least he knew there was a demand for banking reforms.

Mr. Wheeler said that if committees were organized and bills debated at the present extra session of congress satisfactory progress could be made so that a law might be enacted early in the next session if not in the closing days of the present one.

EXPLOSION ON AMERICAN LINER KILLS 2 PEOPLE

Hamburg, Germany, April 25.—Two men are dead and three are dying out of eight injured in an explosion of benzene last night on board the new Hamburg-American liner, Imperator, at Tuxhaven. The accident was caused by a workman filling his pocket cigar lighter from a tank of benzene.

CHANGE IN THE SCHEDULE OF B. & O. RAILWAY

Confirmation has been received by local B. & O. officials of the report that trains Nos. 7 and 8 will be discontinued on this part of the system. It was announced Thursday that with the new spring schedule to be effective some time next month, trains Nos. 10 and 11 will make the New York and Chicago connections running as local shuttles for the two through trains now transferred to the New Castle division.

Officials here say they anticipate an improvement in the service through Newark as a result of the change. It is likely the new trains will reach Newark about 7:30 p. m. (No. 10) and 10:30 a. m. (No. 11), although this is not certain.

Since the old Nos. 7 and 8 have been run on between Chicago Junction and Graton, while the regular trains between New York and Chicago have been in via Pittsburgh and Akron, the new trains will make connections at Chicago Junction for Graton and at Graton for Washington, Baltimore and New York, in both instances a change of cars probably will be necessary.

FIREMAN IS DECAPITATED

Stromberg, April 25.—A O. Tillman, fireman on the Pennsylvania, was decapitated when he was struck by an east-bound passenger train 15 miles west of Stromberg. His home was near Danison.

To Men Who Are Still Thinking About Spring Clothes

It's high time to take action on the problem of new spring clothes—suits, hats, haberdashery. The stores that cater particularly to men's needs have been thinking about these things for months and now they are all ready for you with plenty of fresh, new stock.

Take a few minutes today and read the advertisements of men's wear in THE ADVOCATE. Manufacturers tell you the shops that handle this brand or that, and most of the stores are showing some remarkable lines of their own. You are bound to find an interesting "lead" in some advertisement of a reliable house. Then you can get what you want at the price that suits you.

More Supplies Shipped to Homeless Zanesville People

Mrs. John Schopen, 373 Woods avenue, asked the Advocate this morning if a sewing machine could be used to any advantage in Zanesville. The answer was an emphatic "yes, indeed." Mrs. Schopen promptly sent a machine bearing an Advocate shipping tag.

While no more clothing is needed and while the supply of food products is sufficient in Zanesville, there is urgent need of more articles of household furnishings particularly gas and coal cooking stoves, beds and bedding. A number of people shipped articles of furniture today.

L. C. Coons, 158 West Locust street, joined in the dollar contribution Friday morning. The total cash is now \$1323.

If everybody here realized the real need of household necessities in Zanesville there would be a perfect flood of dollar contributions. Chairman Starr's executive committee is meeting this afternoon and will advise the Advocate tonight what disposition to make of the fund on hand. Mr. Starr says it is probable the committee will request the purchase of more Wehrle stoves. With the past few days' 240 Wehrle cook stoves have been sent to Zanesville from Newark and many people have sent stoves that they could spare from their own homes.

The great flood that rendered 10,000 Zanesville people homeless occurred just a month ago and several hundred people in our neighboring town have neither beds nor stoves. Other household furnishings are also lacking. Under these circumstances it is surprising that Newark is coming to the front gladly. Those who have not as yet contributed are invited to do so now.

GOVERNMENT OF HUERTA REPUDIATED

Washington, April 25.—The Carranza Constitutionalist government in Mexico has issued a proclamation repudiating all acts of the Huerta government since February 19, as well as any acts of the state which have recognized.

BEGIN SEARCH FOR HEIRESS OF A MILK DEALER

New York, April 25.—The police today began a systematic search for Romona Borden, 17-year-old daughter of Gale Borden the millionaire milk dealer at the request of the father. She disappeared Thursday afternoon.

LAD INJURED WHILE PLAYING IN THE STREET

While playing in the street about 11 o'clock Friday morning, a boy, aged about six years, by the name of Schimpf, was struck and knocked down by a motorcycle.

The child was playing in Maholm street and did not see the motorcycle in time to avoid it. He was rendered unconscious for a time and was taken to his home nearby. An examination, however, showed that the child had received no serious injury aside from being bruised and having three teeth knocked out.

ARRESTED FOR INCENDIARISM AT STEUBENVILLE, O.

Steubenville, April 25.—A man who gives his name as John Burns is under arrest here today suspected of incendiary in connection with the burning of the six story Imperial hotel building last night. Incendiaries are also suspected of having caused the fire of a warehouse belonging to Silas Tocum, six blocks away. The police believe the fires were started at the same time to divide the activities of the fire department. Two hundred guests in the Imperial hotel were carried to safety down the fire escapes.

GIRL CAME NEAR FALLING FROM THE HEAD OF STATUE

New York, April 25.—Eight-year-old Margaret Donovan was saved from a 200-foot fall from the head of the statue of liberty today by her chum, Gladys Revere, who caught hold of her dress just as she was slipping from the window ledge that crowns Miss Liberty's crown. Screaming for help Miss Revere held onto the dress with both hands until other sightseers came to the rescue and dragged the girl in feet first.

DAYTON TO ISSUE BONDS

Dayton, April 25.—Bonds in the sum of \$200,000, with which to repudiate obligations caused by the cleaning up of the city and to further carry on the work, will be issued by the city.

MANY GUNS CAPTURED BY MONTENEGRANS

Cettinje, April 25.—The spoils of war taken by the Montenegrans when they entered Scutari included forty-six quick firing cannon, twelve howitzers and a number of heavy siege guns. The troops of the Turkish garrison were allowed to retain their rifles and side arms when they marched out.

MOTORCYCLE AND AUTO COLLIDE

When drivers of both vehicles became confused, an automobile rounding the West Main street corner of Third at the public square Thursday night, struck a motorcycle driven by Forest Wright and spilled Wright and his companion, a girl friend, into the street. None was injured and slight damage was done the machines, as both continued on their way after being held up for a time by a patrolman, who made sure no one was hurt.

New Assistant Secretary of State, Succeeding Huntington Wilson

Former Governor of Iowa, Mr. Wilson has been named by the president as assistant secretary of state, to succeed Huntington Wilson, who will leave office during the Taft administration the most important of the department under his aid.

Governor Wilson was born in Westport, N. Y., October 2, 1862, and is the youngest son of a farmer. He was graduated from the University of that state as a lawyer. He was later in state of a practice and settled at Rawlins, Wyo., where he was employed as a surveyor. He then moved to the railroad later he engaged in raising sheep and became the largest sheep owner in the state. He has been a member of the state legislature, a member of his city, a delegate to several national Democratic conventions, governor of his state, and in 1904 was the free silver candidate for United States senator.

DEATH LIST WILL REACH NINETY-TWO

Sixty-five Bodies Have Been Brought to Mouth of Mine

RECORDS ARE CHECKED

And It is Found That 170 Men Went Into the Mine Wednesday, When the Explosion Occurred. Sightseers are Barred.

Pittsburg, April 25.—Thirty-three additional bodies were brought to the mouth of the Cincinnati mine of the Pittsburg Coal company where an explosion occurred Wednesday afternoon at Finleyville, Pa. Eighteen were recovered yesterday.

No additional names have been added to the missing and it is now believed the death toll will reach 115.

Fourteen bodies were located shortly before noon. This makes a total of 65 known dead. According to the coal company's statement made today there are about 27 more bodies to be removed.

The company's records have been checked and as near as these tally 170 men went into the mines Wednesday morning when the explosion occurred. Seventy-eight of these are known to have escaped by two entries, leaving 92 to be accounted for.

Hopes of relatives and friends of the missing men that their loved ones are living are being dissipated slowly. Rescuers are unable to reach the inner workings of the mines on account of gas fumes, water and debris.

Of the 65 dead taken from the mine, nearly all of them have been identified at the morgue in Monongahela City, four miles away, where all the victims are being sent to be prepared for burial.

The rescue workers from the United States Bureau of Mines and the squads maintained by the various coal companies in the Monongahela Valley, worked all of yesterday and last night in an effort to penetrate the inner workings of the mine.

Rescuers have only been able to reach a point one mile underground. The mine is four miles in length. Several thousand sightseers visited the scene yesterday. They were not permitted to approach the mine.

SEWER AND WATER WORKS CONNECTIONS

Should be Made Promptly in South Fifth Street Before Paving is Done—No Connections for Next Five Years.

The contractor in charge of the paving work in South Fifth street urges all property owners to put in at once, all sewer and gas connections before the work of paving the street is continued. The service department has issued notice that the pavement will not be disturbed for five years.

APPROVES OF THE PEACE PROPOSAL OF SEC. BRYAN

London, April 25.—Secretary of State Bryan's peace proposal has been approved by the House of Commons. The House of Commons has approved the proposal by a vote of 311 to 10. The proposal is that the United States should withdraw its troops from Mexico and that the United States should not interfere in the internal affairs of Mexico.

BRYAN HAS LEFT FOR THE WEST

Will Arrive in Sacramento, California, on Next Monday

HAS NO INSTRUCTIONS

But Will Meet Gov. Johnson and Legislators and Urge Anti-Alien Land Law That Will Not Conflict With Treaty.

Washington, April 25.—William Jennings Bryan, secretary of state, left Washington at 6:45 o'clock last evening over the Pennsylvania railroad for Sacramento, Cal., where on Monday he will begin consultation with Governor Johnson and members of the California legislature in an effort to frame an anti-alien land law that will not be in conflict with treaty obligations of the United States and Japan.

"I go hopefully yet with a realization of the responsibility involved," said the secretary as he left the White House after a final conference with President Wilson.

The president had explained earlier in the day during his conference with the newspaper men that the purpose of Mr. Bryan's visit was to take counsel with the California authorities as to the best way to avoid international difficulty. The president let it be known that he considered the attitude of the Japanese government in arguing its case proper and friendly, and that there had been no note of antagonism despite reports to the contrary, the position of the Tokio government having been one of respectful urgency that no discrimination be made against their people.

Inquiries as to just what Japan would consider a discrimination brought forth the intimation from the president that, with the eligibility of Japanese to citizenship still a debatable question, it would be difficult to define just what would be construed as a discrimination.

Mr. Bryan himself declared later that he went with no specific instruction, but simply with the general idea that discrimination aimed directly at the Japanese should, if possible, be avoided.

The secretary will keep in touch with the president by telegraph and until his arrival in Sacramento, the administration is in hopes that no action will be taken in California.

DIGNITY OF THE STATE AT STAKE SAYS GOVERNOR

Sacramento, April 25.—Not the dignity of Japan, but the dignity of California is at stake in the controversy over the anti-alien land law, according to Governor Johnson, and if the plans of the majority party here give offense to the government at Tokio, the California executive will solve the state from blame on the ground that federal statutes already have drawn the line which the state now seeks to establish.

That this restriction applies to the subjects of Japan or any other nation is not the fault of California, according to the views of the governor.

Such a law is being drafted by Senator Thompson. It will be known as the alien land act and will apply solely to members of foreign races described in federal laws and judicial decisions as ineligible to citizenship in the United States.

When Secretary Bryan arrives, he will be confronted with the new draft of the bill and the question of whether or not it is discriminatory. Governor Johnson's views on this point are set forth in his statement as follows:

"The nation has solemnly decided that certain races, among them the Japanese, are not eligible to citizenship. The line has been drawn, not by California, but by the United States. Discrimination, if it occurred, came and went when the nation decided who were and who were not eligible to citizenship. If California follows the line marked out by the federal government, the United States, and not California, should be accused of discrimination."

If the justice of this view is conceded by Secretary Bryan in the conference he will hold with the governor and members of the legislature, there is little doubt that the Thompson bill will pass, unless Secretary Bryan

MANY GUNS CAPTURED BY MONTENEGRANS

Cettinje, April 25.—The spoils of war taken by the Montenegrans when they entered Scutari included forty-six quick firing cannon, twelve howitzers and a number of heavy siege guns. The troops of the Turkish garrison were allowed to retain their rifles and side arms when they marched out.

MOTORCYCLE AND AUTO COLLIDE

When drivers of both vehicles became confused, an automobile rounding the West Main street corner of Third at the public square Thursday night, struck a motorcycle driven by Forest Wright and spilled Wright and his companion, a girl friend, into the street. None was injured and slight damage was done the machines, as both continued on their way after being held up for a time by a patrolman, who made sure no one was hurt.

New Assistant Secretary of State, Succeeding Huntington Wilson

Former Governor John H. Osborne has been nominated for assistant secretary of state to succeed Huntington Wilson, who made that office during the Taft administration the most important in the department under its head.

Governor Osborne was born in Westport, N. Y., fifty-three years ago. At the age of sixteen he was apprenticed to a druggist in Vermont and later was graduated from the university of that state as a physician. He went west in search of a practice and settled at Rawlins, Wyo., where he was employed as a surgeon by the Union Pacific railroad. Later he engaged in raising sheep and became the largest sheep owner in the state. He has been a member of the state legislature, a mayor of his city, a delegate to several national Democratic conventions, governor of his state, and in 1889 was the free silver candidate for United States senator.

DEATH LIST WILL REACH NINETY-TWO

Sixty-five Bodies Have Been Brought to Mouth of Mine

RECORDS ARE CHECKED

And It is Found That 170 Men Went Into the Mine Wednesday, When the Explosion Occurred

Pittsburg, April 25.—Thirty-three additional bodies were brought to the mouth of the Cincinnati mine of the Pittsburg Coal company where an explosion occurred Wednesday afternoon at Finleyville, Pa. Eighteen were recovered yesterday.

No additional names have been added to the missing and it is now believed the death toll will reach 115.

Fourteen bodies were located shortly before noon. This makes a total of 65 known dead. According to the coal company's statement made today there are about 27 more bodies to be removed.

The company's records have been checked and as near as these tally 170 men went into the mines Wednesday morning when the explosion occurred. Seventy-eight of these are known to have escaped by two entries, leaving 92 to be accounted for.

Hopes of relatives and friends of the missing men that their loved ones are living are being dissipated slowly. Rescuers are unable to reach the inner workings of the mines on account of gas fumes, water and debris.

Of the 65 dead taken from the mine, nearly all of them have been identified at the morgue in Monongahela City, four miles away, where all the victims are being sent to be prepared for burial.

The rescue workers from the United States Bureau of Mines and the squads maintained by the various coal companies in the Monongahela Valley, worked all of yesterday and last night in an effort to penetrate the inner workings of the mine.

Rescuers have only been able to reach a point one mile underground. The mine is four miles in length. Several thousand sightseers visited the scene yesterday. They were not permitted to approach the mine.

SEWER AND WATER WORKS CONNECTIONS

Should be Made Promptly in South Fifth Street Before Paving is Done—No Connections for Next Five Years.

The contractor in charge of the paving work in South Fifth street urges all property owners to put in at once, all sewer and gas connections before the work of paving the street is continued. The service department has issued notice that the pavement will not be disturbed for five years.

APPROVES OF THE PEACE PROPOSAL OF SEC. BRYAN

London, April 25.—Secretary of State Bryan's peace proposal last week before the diplomatic corps at Washington yesterday, has all the characteristics of the great statesman. "But whether it is practical, only time can show. The gravest distrust will be reflected on any European government which does not welcome the communication and give it the fullest and most sympathetic consideration."

WARRANTS FOR THE ARREST OF I. W. W. LEADERS

Patterson, N. J., April 25.—Branch warrants were issued today for the arrest of three leaders of the Industrial Workers of the World in the effort to bring to trial, pending the arrest, two names of the men indicted were not made public.

WILL DRILL TEST WELLS.

Logan, O., April 25.—The National Fireproofing company of Pittsburgh has appropriated \$10,000 for the purpose of drilling several test wells on its 3,000 acre tract of land in Hocking county.

EPIDEMIC OF MEASLES IS PREVAILING

With eleven new cases of measles reported Thursday, health officer W. H. Knapp states that a well developed epidemic of this disease has the city in its grasp. Twenty-nine cases are on the records of the health department. Of this number, eleven were reported Thursday. In the past two days 19 cases have been reported. Few of the cases are of a serious nature. The usual precautionary measures are being taken to prevent the spread of the disease.

BANQUET SERVED JUDGE FULTON'S BIBLE CLASS

An attendance of 120 men, members of Judge Fulton's Bible class of the Second Presbyterian church, listened to an interesting address and enjoyed a fine banquet Thursday night on the occasion of the regular monthly meeting of the class. J. N. Bush was elected president of the club.

Rev. Mr. Ellsworth of Greenfield was introduced by Rev. Ben Tullis, pastor of the church, and delivered a far-reaching address on "Man and the Kingdom," dealing with the relationship of men in the church. The banquet, served by ladies of the congregation, was the occasion for a hearty return of thanks from those in attendance.

VITAL STATISTICS BILL IS SIGNED BY GOVERNOR COX

Governor Cox yesterday signed the new vital statistics bill which was passed by the present general assembly, correcting the defects in the former statute which the supreme court pointed out in its decision which held that physicians could not be compelled to make such reports. No action will be taken in Newark until official notice has been received that the bill was passed and signed. Little trouble was experienced among physicians here who had the interests of the patrons at heart, but a few of them since the court's decision was made, have neglected to report births.

To demonstrate the stillbirth of a child is a crime, one physician has taken this thing with the whole of his four feet for the other without hesitating.

ONE HALF OF ALL SICKNESS CAUSED BY CLOGGED UP WEAKENED KIDNEYS

Hundreds are Suffering With Kidney Trouble and Don't Know It. Backache, Bladder Disorder and Rheumatism Are The Result.

It is a well known fact among physicians today that the greater part of the disease and illness which afflict mankind is caused by a clogged up and weakened kidney. This is especially true in the case of men, who are more liable to kidney trouble than women. The kidneys are the great filters of the body, and when they become clogged up, the blood becomes impure, and the whole system suffers. The result is a variety of ailments, including backache, bladder disorder, rheumatism, and general weakness. It is important to recognize the symptoms early and seek treatment before the condition becomes chronic. There are many remedies available, but the most effective is one that cleanses the kidneys and restores their normal function. This can be achieved through a combination of diet, exercise, and the use of certain medicines. It is always best to consult with a physician to determine the best course of treatment for your specific condition.

Y. W. C. A. NOTES

The first Council Fire of the Camp Fire Girls will be held on Tuesday night, April 25th at 6 o'clock. To this Council Fire are invited all those girls who are now Camp Fire Girls or who expect to be in the future.

All Camp Fire Girls under fifteen are asked to meet at the Y. W. C. A. on Saturday afternoon at two o'clock. From there they will go to the woods where practice will be held for the first Council Fire.

Miss Pettengill spoke twice in Granville this week in the interest of the Camp Fire Movement. Several Camp Fires are to be started there in the near future as the result.

Eighty-eight persons took lunch at the Cafeteria last Saturday. This is the highest number since the association was started.

The Y. W. C. A. is very glad to announce that a Bible Class is to be started the 15th of May to extend for a period of five or six weeks. This class will meet on Tuesday evenings for a half hour from seven to seven-thirty and will be open to the public. An attractive course of lessons is being prepared by the Rev. Don Tullis, who has been secured for the teacher. This is an exceptional opportunity for the women of Newark, and it is hoped that a very large class may be formed. The subject of the course will be announced later.

The gymnasium has been the merry scene of the roller skating girls this week. All girls of the city are invited to come in and join in this popular amusement. Skates are furnished to those who do not have their own at the price of ten cents for the evening. If any one has skates not now in use, the association will be glad for the use of them.

On Monday night the girls from the two ten-cent stores had a party at the building. Games were enjoyed and fine refreshments served. All girls employed in these stores are invited to the building Thursday evening, May the first, to form a club.

A most attractive program is being planned for the next Sunday Afternoon at Home. The subject is "Wild Flowers" and is in charge of Mrs. J. H. Fitzgibbon. A flower contest will be a feature of the afternoon, and a helpful Vesper talk will be given at the close of this home-like afternoon. There is still time to join the millinery classes. Ask for information at the general office. New phone 3406.

First Things

National Anthems.

The first national anthem of the United States, "Hail Columbia!" was first sung in public at the Chestnut Street Theatre in Philadelphia 115 years ago tonight. It was composed by Joseph Hopkinson, later a federal judge, and the house in which it was written is still standing. The song was written by Hopkinson, then twenty-eight years of age, in the summer of 1798, when a war with France was thought to be imminent. Philadelphians, in common with the remainder of the people of the infant republic, were divided into warring camps, some advocating allegiance to France, while others proposed to take sides with England. The object of the author of the song was to arouse an American spirit that would be "above the interests, passions and policy of both belligerents." Gilbert Fox, a popular young singer, was a friend of Hopkinson's, and to him the author entrusted the first singing of the anthem. Fox was given a benefit on April 25, 1798 and the playbills announced that after the regular performance "an entirely new song, written by a citizen of Philadelphia, will be sung by Mr. Fox, accompanied by a full band and a grand chorus." The song was greeted with wild applause, and for some time was the popular anthem of the republic.

THE TRIANGLE

Fittingly symbolizes the three primary purposes of this Association, which are:

1. To encourage saving by every one.
2. To invest those savings in the manner which will give the saver the highest possible degree of safety.
3. To encourage home building by making easy payment loans to borrowers to use in buying or building homes.

Our long record of faithful service proves how well we carry out these purposes.

THE HOME BUILDING ASSOCIATION COMPANY OF NEWARK, OHIO

What Our Charge Accounts Mean.

MANY men, especially those with large families, feel a great strain at this time of the year, in paying for the clothes required by themselves, their wives and their children. They do not like to borrow money to meet bills, and have difficulty in charging goods at many stores.

To relieve these worries, we inaugurated our CLUB PLAN. This means that the wage earner as well as the wealthy man can open an account, take home any goods that are needed, and pay in small amounts weekly, while the clothes are being worn. NOT ONE CENT EXTRA IS CHARGED—no interest, no dues, no fees of any kind.

These four words express the idea Wear Now—Pay Later.

Our prices stand comparison with any store. Our styles are selected and our clothes are tailored under the direct supervision of our efficient New York organization.

We cordially invite you to visit us; a warm welcome awaits you, whether ready to buy or not.

Blue Serge Suits For Men.

Our old reliable True Blue Serge Suit, all wool and fast color is still the best clothing value in America. The cut this season is new and up-to-date, the values the same as always.

A good dependable outfit for those who require a cracker-jack value at \$15.

Men's Suits.

For those who are accustomed to pay more for their clothes these garments are tailored in plain and fancy material in various weaves and colors. One advantage of our big selling organization is that we never need offer goods carried over from previous years.

The styles and materials are new, sizes to fit all sized men. Why pay more than \$20.

Ladies' and Misses' Suits

If you are going to buy a suit this season why delay? Every day you wait means a day's less service and comfort. Remember, we charge the suit to you at the same price as if you pay cash.

Every approved model is here—every good material.

Some black, some navy blue, some lighter shades. Sizes for every figure from the slender miss to the mature woman. Splendid values \$13.90, \$16.90, \$18.90, \$22.00.

NIGHTS OF DREAD FOR AILING MAN

VERTIGO SUFFERERS SLEEP LESS NIGHTS THROUGH FEELING OF APPROACHING DEATH.

PECULIAR FALLING SENSATION.

Finally Finds Relief From His Condition With United Doctors' New Treatment.

Waking up at nights with a feeling that his last moments had come—such was the effect of vertigo on Mr. George Richey of 825 Clifton street, Springfield, Ohio, during his illness of a year and a half before he went to the United Doctors for treatment. Mr. Richey had formerly treated for almost every ailment with other doctors but got no relief whatever. Some treated him for stomach trouble, others treated him for nervous trouble, but all failed to give him aid.

In commenting on his case recently (March 15th) Mr. Richey says: "About one and one-half years ago I began to have spells of Vertigo, feeling as though I were going to fall; my first attack being one evening after supper and frequently since then I would be compelled to get up out of bed at nights as I had the dread feeling that my time had come."

"I treated of course, with a number of physicians, some claiming it was my stomach causing this trouble and others said it was my nerves but they all failed to give me relief."

"Three weeks ago I called on the United Doctors to see what they could do for me and after my case was explained to them they said they could help me. I started their treatment resolved to give it a thorough trial and now I must say that I am more than pleased that I did so."

"From the very start I began to feel much better; my stomach and nerves became stronger and now instead of restless nights I sleep fine, and instead of work being a real hardship it has become a pleasure. I work harder now than I ever have since I first complained of my trouble. My appetite is good, I have no distress after eating, my heart is again all right and I cannot say too much in praise of the skill and methods of the United Doctors. I will be glad to answer any one who may be ailing similarly, for I feel I am a new man physically and in every other way."

The sincerity of Mr. Richey's praise can be judged from the fact that even his friends notice the great improvement in his health. By occupation Mr. Richey is a bricklayer and very well known in Springfield.

OHIO FARMERS SUFFER LOSS IN RECENT FLOOD

Columbus, April 25.—Reports received from 1629 correspondents, representing 1,909 townships, outside of cities, indicate that farmers have suffered a loss, approximating \$16,000,000 from recent winds and flood.

An impression went out that only cities and towns were hit by the recent calamity. Farmers sustained loss as well.

Drift wood and debris in many places will cause annoyance and expense. Many wind pumps were blown down and roofs removed.

From high winds previous to flood rains \$1,228,000

Flood damage to buildings, fences, roads, and live stock 7,000,000

Soil washing 3,300,000

Corn in shock 220,000

Drift and wood debris 350,000

In places the drift is worth removal. Soil washing occurred more generally in hill countries.

High winds did most damage in northern and north-western Ohio.

Wheat in places suffered no loss, but the average loss for Ohio, is estimated at 7 per cent. 1913 crop, based on acreage sown 1912. However the wheat prospect for coming harvest is optimistic.

Growing condition is better at this time than corresponding date 1912. Acreage now in ground exceeds acreage harvested 1912 by 600,000 acres. In bushels the 1913 harvest ought to exceed the 1912 harvest by 15,000,000, if no handicap is placed between now and threshing time.

Oats already sown suffered severely in places, also by delay in seeding. The crop may be impaired to the extent of 3 per cent. Rye, 1913, depressed 5 per cent. Comparative large increase in ground. Corn crop ahead, suffers only from slight delay in plowing, and washout of soil. Loss estimated between one and two per cent. only.

Plant trees and improve main water ways.

THOUSANDS NEED AMBITION PILLS

Banish Nervousness Caused By Too Much Drinking, Smoking or Other Excesses.

Are you a dead one? Have you lost ambition? Do you get up tired in the morning? Do your hands tremble? Are you despondent? Have you lost confidence in your ability to do things?

Don't give up; arouse yourself; get up. Go to Evans' Drug Store and get a fifty-cent box of Ambition Pills. You don't have to wait a week to know whether they are doing you good or not. You'll feel better tomorrow. You'll feel full of vim and vigor in three days and after you have taken one box of this marvelous upbuilding prescription you'll be your old vigorous, energetic self again.

For nervous debility, tired feeling, exhausted vitality, hysteria, loss of appetite, kidney and liver complaints they are simply splendid.

NOT A TWINGE OF RHEUMATISM SINCE TAKING RHEUMA

"I suffered from Rheumatism for six years; tried different doctors, with no relief. I saw your advertisement and decided to try RHEUMA. I have taken three bottles and am entirely free from the disease. I was so bad I could not sleep nights; now I sleep well, and my kidneys work perfectly."—P. W. Miller, Catawissa, Pa.

"For 14 months I was so badly afflicted with Rheumatism that much of the time I was obliged to use a cane. I used one bottle of RHEUMA and THE CASE IS IN THE CORNER NOW. No one could be happier to be rid of the pain, swollen knees and badly swollen ankles. I certainly believe there is no remedy for the disease like RHEUMA."—Mrs. Daniel S. Knox, Severance, N. Y., Aug. 8, 1912.

Evans' Drug Store guarantees RHEUMA to cure Rheumatism, Gout, Lumbago, Sciatica, Arthritis, Chronic Neuralgia and Kidney disease or money back—and only 50 cents a bottle.

NEWARK ELKS DID FINE WORK FOR SUFFERERS

The Newark Elks have been most active in rendering relief to Zanesville people. They were among the first to act and have been most liberal in their contributions of both money and supplies. Individually the Elks gave freely and as an organization they made one of the largest cash contributions. The Advocate has mentioned this fact before but the splendid work of the Elks deserves another notice. This morning's Zanesville Times-Recorder says:

"Too much gratitude cannot be expressed to the Newark Elks for the able assistance they rendered Zanesville in the early days of the flood."

"When Newark heard that Zanesville needed boats, the Elks there got several big boats, and sent them down to Zanesville, these boats being taken by Terrace people and used in rescue work."

"Then the word was sent around to the families of Newark Elks to get all the clothing they could spare, and autos visited every Elk home in Newark and collected a large assortment of good clothing, which was sent to Zanesville by wagons. The Elks also sent a large quantity of food supplies."

PROLONGING LIFE IN BRIGHTS DISEASE

It is hard for physicians who have had nothing but failure in chronic Bright's Disease to believe that there is such a thing as recovery and many doubtless honestly feel that patients reporting recoveries under Fulton's Renal Compound are but temporarily benefited. Let us for a moment refer to the case of the daughter of the late N. W. Spalding, former U. S. Sub-Treasurer of San Francisco.

After her father "had spent ten thousand dollars" in efforts to cure her and the dropsy came and the end looked near, she was put on Fulton's Renal Compound. To use the words of the physician, let us say that she was "temporarily benefited." We must now stretch "temporary" to twenty years, for it was twenty years ago and she was living and attending to her household duties at last advice, in January 1913.

The case of a well known editor in San Francisco, whose address we will give to anyone who cares to write, was declared to be hopeless. He has been editing his paper for twelve years since his "temporary improvement." He believes he is well and certainly looks like it.

In view of case after case like the above if you have Bright's Disease you owe it to yourself and family to try Fulton's Renal Compound before giving up. It can be had at F. D. Hall's drug store.

For pamphlet on our investigation into the curability of Bright's Disease write John J. Fulton Co., San Francisco.

FINED \$50 FOR DYNAMITING FISH

Logan, O., April 25.—A fine of \$50 and sixty days in jail was what cost Fred Nixon and William O'Neil for boobying of laying dynamite fish in the Hocking river. Nixon and O'Neil were arrested at Nelsonville on a charge of being drunk and during their trial boasted of "blowing up the fish." The sentence was then imposed.

FINDS A NEEDLE IMBEDDED IN LEG

Carleton, April 25.—Mrs. Herbert Russell suffered great pain in one of her legs, an examination of the member found a piece of steel with sharp point of from the fish. She extracted this and found it was a needle. She does not know how it got there.

I bet he duz, to, I sed. And awl the fellos sed they bet he did, and Reddy Merly sed, I no a good sawing we can sing the neckst time we see him and make him mad, it goz like this. The cop stood awn the kornir, the cop stood awn the kornir, the cop stood awn the kornir, and his shoos was full of feat.

And we awl startid to sing it, jest for praaktiss, and pritty soon who terned eround the kornir and startid to wawk up the street but the cop, beeing sutch a fat cop its a wundir he can evir ketch eny berglers unless he shoots them ferst and then runs aftr them, and we kepp awn singing it untill he was pritty neer our house and then we stoppid, and the cop looked at us as if he was going to say sumthing but didnt. Aftr he had got a litel bast our house we startid to sing it agen, saying as low as we cood. The cop stood awn the kornir, the cop stood awn the kornir, the cop stood awn the kornir, and his shoos was full of feat.

Cheez it, hes kuming back, sed Sid Hunt.

Wich he was, and he stoppid rite in frunt of our steps and looked at us mad as enything, saying, Look heer, you sotta cut that out.

Wat, sed my cuzzin Artie.

You no wat, well enuff, sed the cop, that singing, thats wat, yure a buntsh of fresh kids and for 2 pins I lock you awl up.

Kant we sing, sed Artie.

Not wile Im eround you kant, sed the cop, and if I heer anuthir peep out of you Ill kum back and lock evry wun of you up.

G wizz, we kant evin sing, sed Reddy Merly.

You herd wat I sed, sed the cop, and he startid to wawk up the street agen and we wated till he was awl-most up to the kornir and then Reddy Merly sed, Kum awn fellos, hes to fat to ketch a muskeeter, and we awl yelled. The cop stood awn the kornir, the cop stood awn the kornir, the cop stood awn the kornir, and his shoos was full of feat, having a sawt of toon to it but not mutch, and the cop terned eround kwick and startid to run back and we awl jumped up and ran down the street as fast as we cood, wich is pritty fast.

AMUSEMENTS

Orpheum Theatre.

Did you see the bill at the Arcade house last evening? If you did not, you do not want to miss it for it is the very best that has been here this season. Every act is a leader and could be termed the headline of any program, they are all different from the preceding act and you do not see the same characters in different parts, for they are entirely different and separate acts. The program starts with "Winter Garden, the overture by Mrs. Grace Cranston and her orchestra. Then the first act, "The Medoras, a novelty act" is sure a novelty to this theatre; then the "Mister" comes back with some splendid sketching, while his wife entertains the audience with comedy figures upon a screen. "Bessie Brennan, singing act" is the second number and with her songs and recitations, soon have all who hear and see her on her side, as her act is very clever and full of comedy. "Howell & Howell, comedy singing and talking" are third on the bill and they too soon win the audience with their comedy. The "Mr." and "Mrs." both are very entertaining. Last but not least, Mr. and Mrs. Thornton Friel presenting the character comedy "At Economy Junction" by Fred Wyckoff, is the headliner of the bill. They carry their own scenery. Mr. and Mrs. Friel presented this same sketch in this city about three years ago and they certainly have improved upon it, until a better comedy sketch would be hard to find. Mr. Friel as the all-around stationman sure plays his part according to the old-timers of that position, which shows that he must be pretty well acquainted with that life, and his wife taking the parts of two sisters, certainly has that down to perfection.

Every day the picture film is changed, which adds very much to the show.

Sunday at The Auditorium.

The Auditorium has a big special program arranged for Sunday, April 27, when there will be two splendid features offered and three reels of other interesting pictures. "Josephine, Empress and Queen" is a two reel Eclair feature that has never been seen in this city before and it is such a magnificent Photoplay that no description does justice to it. "The Darling of the Regiment" is one of those two reel war dramas that the 101 Bison company has become noted for. Schmidt's orchestra will discourse appropriate music and the entertainment will run continuous from 1:30 to 10:30 p. m.

"Quincy Adams Sawyer" Tomorrow. One of the strongest Photoplays ever seen in Newark will be offered at the Auditorium tomorrow when that great New England play, "Quincy Adams Sawyer" will be reproduced in four interesting reels of film. "Quincy Adams Sawyer" will be given in conjunction with "The Fear," a Power drama, "Two Lives," a Victor drama and a good comedy, making seven reels of Photoplay for 5 and 10 cents. It will run continuously from 1:30 to 11 p. m.

The Human Procession

BY O. TERRENCE

Wireless messages of congratulations will be showered today upon Guglielmo Marconi, for the youthful genius who triumphed over myriad difficulties and accomplished the seemingly impossible begins this day the fortieth year of his wonder-working life. The inventor who made the world gasp in awe at his achievement was born in Bologna on April 25, 1874, of an Italian father and an Irish mother. It was while he was a student at Bologna University that the idea of wireless telegraphy came to him. One day he threw a stone into a pond, and idly watched the waves widening all around. Then in a flash of inspiration came the thought: "If I fling a sound into the air, will it not make sound waves corresponding to those in the pond?"

That thought, in the brain of an inventive genius who had already made a thorough study of electrical science, was the genesis of wireless telegraphy. Newton's apple was hardly more wonderful in its results than Marconi's stone.

Ill fortune as well as good has attended Signor Marconi in the last year. He lost the use of his right eye in an automobile accident last year, and the orb had to be removed. He now wears an artificial eye, so ingeniously contrived that it is not to be distinguished from the natural eye. The young inventor has recently been subjected to bitter personal attacks as a result of the controversy over the Marconi company's contract with the British government for a chain of wireless stations over the empire.

Signor Marconi's wife is a daughter of the fourteenth Baron Inchiquin. She comes of a family that traces its descent to Brian Boru, through his third son Denmo, who was king of Munster in the twelfth century. The two children of Signor Marconi are more Irish than Italian, though they bear Italian names. The inventor's son and daughter, Gulio and Degna, have often been described as "the most beautiful children of Europe."

Although he is as much a financial genius as other members of his family who have won fame and fortune as bankers, Dr. Edwin Robert Anderson Seligman has devoted his life to the less remunerative occupation of teaching. The distinguished economist, who has lately been lecturing before commercial and learned bodies in Europe, will pass his fifty-second milestone today. Prof. Seligman laid the foundation of his education at Columbia, Heidelberg, Paris, Berlin and Geneva universities, and has been a member of the Columbia faculty since 1865. In appearance he looks like a business man, and he has applied practical commercial principles to his work as a teacher. Working quietly, avoiding publicity, his influence has yet been felt in many nations and in many useful ways.

Henry H. Busler appointed administrator of the estate of William H. Wright, deceased, of Johnstown. Bond, \$1,000.

Divorce Granted.
Judge Hunter in Probate Court Thursday granted a decree of absolute divorce to Andy Cernea from Mary Cernea, of Newark, on evidence bearing out allegations of the petition, to the effect that the defendant had been guilty of gross neglect and improper relations with other persons. They were married October 30, 1911, and have no children. A. S. Mitchell was attorney for the plaintiff.

Marriage Licenses.
John Glenger, 55, coremaker, Newark and Mrs. Louisa Falk, 54, Newark. Rev. Thomas Haller to officiate.

Probate Court Records.
Wilson Wright appointed guardian of Sarah Jane Wright, Fallsbury township; bond \$500.

Divorce Petition.
That John Rice not infrequently dragged his wife around the house by the hair, kicked and beat her and abused their two children, to cause her pain, is the allegation made by Hattie Rice, in her petition for divorce and custody of the children, filed in common pleas court Friday by Attorneys Smythe & Smythe.

That Mrs. Rice tolerated such treatment for several years is a further allegation of the petition which says her husband began his cruelty shortly after they were married, July 25, 1892. She says he has not contributed toward the support of their children, aged 12 and 19 years, respectively, for three years.

Granted Divorce.
Charlotte Nies was granted a decree of divorce from Joseph Nies of Newark, Friday in probate court by Judge Hunter. They were married July 8, 1904.

Boy Liberates Mice in Crowded Subway Car

New York, April 25.—An office boy got away for himself and friends in a Broadway subway car by freeing a score of mice from a cardboard box and taking advantage of the stampede that followed. The car in which he and friends hung from straps in a corner was filled with home-going working girls, and when the boy unlocked the box, there was a screaming rush. A spectator said that some girls who clung to straps saved themselves by jumping as in a gymnasium. Most of the passengers and the guards didn't know whether it was a fire or a riot until the car cleared. Then the mice were found.

THE LIFE OF THE FLY.

There are several species of flies which are commonly found in houses. But one of these is the house fly proper as we know it. This is a medium sized grayish fly, with its mouth parts spread at the top for sucking up liquid substances. Because of the conformation of its mouth the housefly cannot bite. In the minds of most persons, however, no impression is stronger than that the housefly does occasionally bite. This impression is due to the rather frequent presence in houses of another fly. This, the so called "stable fly," closely resembles the housefly. Its mouth parts are formed for piercing skin. Virtually all flies breed in horse manure, cow manure and warm, decaying vegetable matter, including old straw and grass.

The fly begins life as an egg. It passes through the larval stage, where it is known as a maggot. It passes then through the pupal stage, emerging as the winged pest we all know. The periods of development are about as follows: Eggs from deposition to hatching, one-third of a day; hatching of larvae to first molt, one day; first to second molt, one day; second molt to pupation, three days; pupation to issuing of adult, five days; total life round, approximately ten days.

The eggs are always laid on some organic matter, on which the larvae or maggots may feed after hatching. Horse manure is the favorite breeding place for the fly.

Apple Rust.

A French chemist has shown that the apple contains an oxidizing ferment which produces the brownish or red dish color of cider. The manner in which this substance produces oxidation can readily be observed by any one who cuts an apple open and leaves it exposed for a short time to the air. The cut surfaces gradually turn red as the oxygen of the air unites with the juice—in a word, the apple rusts. Rusting of an apple may also be brought about by simply bruising the fruit without breaking the skin. Everybody knows that apples that have fallen violently to the ground show red or rusty spots underneath the bruised rind. In this case the oxygen is derived from the air contained in the ducts or interstices among the tissues of the fruit, and it becomes active through the breaking of the cells that inclose the oxidizing ferment. If an apple is cooked before its skin is broken its tissues do not oxidize when exposed to the air. This is explained on the supposition that the oxidizing properties of the ferment are destroyed by heat.—Harper's.

Experience teaches us the paradox that the easy job is hard to get.

WEATHER NOT TO BLAME

It's Your Condition.

"This weather simply takes the life out of me. I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to save every such person in this city. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know of is Vinol which is a combination of the two most world-famous tonics, namely, the medicinal, curative elements of cod liver oil and tonic for the blood.

A case has just come to our attention from Vinol and N. J. J. Mrs. Allen T. Godfrey says: "I never fail to say a good word for Vinol, for it restored my strength and vigor after I had been in a badly run-down condition for several months. Everyone who is broken in health ought to know that Vinol will build them up and make them strong."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

NORMANDY SALAD.—Take a small can of French or young, tender peas and simmer in their own liquor with a few mint leaves until the liquor is all absorbed. The peas set aside to cool. Blanch half a pound of English walnuts and chop fine, mixing with the peas. Serve on lettuce with mayonnaise.

COCONUT SALAD.—Green peas prepared as above, omitting the mint, and mixed with a cupful of fresh, grated coconut and with mayonnaise is novel to some, but very fine.

OYSTER SALAD.—Plump a pint of oysters in their own liquor, drain, chill and cut in about four pieces, if large. Mix with equal amount of tender celery, season with salt and pepper and mix with mayonnaise. Garnish with white celery tops or lettuce.

AKRON CAR MEN VOTE TONIGHT ON A STRIKE

Akron, April 25.—Local street railway men employed by the Northern Ohio Traction and Light company, will vote tonight on the proposition to call a strike May 1 unless the company agrees to a minimum scale of 25 cents per hour. The company has offered 22 cents an hour but this was refused. About 1200 men would be affected.

How Lincoln Managed Sumner.

Writing on "The Arbitration of the Alabama Claims" in the Century, Colonel William Conant Church says: "Grant had none of the tact in dealing with Senator Sumner that Lincoln, master of men, had shown in his intercourse with that sensitive statesman. Sumner, who occupied roomy quarters in an old fashioned house diagonally across Jackson square from the White House, prided himself on making the best tea in Washington. When Lincoln had a point to gain he would saunter across the square and ask Sumner to make him a cup of that delicious tea." The two would gossip over their tea like two "gold wires," and not until the president rose to go did he refer to the subject on his mind. Then he would say, "Sumner, such and such a bill is coming up in the senate tomorrow, and I count upon your support for it."

"Had he introduced the matter directly the natural disposition of the senator to differ might have resulted in persuading him into opposition to a measure concerning which he had no determined opinion."

Fifteenth Century College Ways.

The Oxford undergraduate in the early fifteenth century, in order to obtain his B. A. degree, studied the logic of Porphyry and Boethius, something of Aristotle, and enough of arithmetic to enable him to find Easter. Three years more were usually spent in studying geometry, astronomy and astrology. He lived in college. His allowance of money was 1 shilling a week. His breakfast was a piece of bread and a pot of beer at dawn. His dinner was eaten at 10 in the morning. He was given one suit of clothes yearly. Three times a year each student was required secretly to tell the masters of the misbehavior of his fellows, who then received "competent castigation." The rules laid down by De Wykeham prohibited visits to taverns or "spectacles," the keeping of dogs, the playing of chess and other "noxious and illicit sports, shooting with arrows or other missiles, dancing, running, wrestling or other incautious and inordinate amusements." — St. James' Gazette.

A Watch, a String and an Almanac.

Suppose you were in an open boat on the ocean with a nautical almanac, a piece of string and a watch that had run down and were entirely ignorant of your whereabouts. How could you find out where you were? The question may puzzle you, but don't put forward an answer as silly as the following reply to the question as to how many times you can subtract 19 from 1,000,000: "As often as you like."

But to return to the boat, the watch, the string and the almanac, set the watch going. With the piece of string measure at arm's length the distance between the sun and the horizon and ascertain its ratio to the length of the arms. This will give the sun's altitude at various times by the watch, and the latitude and moment of noon can be found approximately in the same way. — New York Sun.
